Good "Grain" Results.
Artificial "graining" of wood has been practiced for a long time and some of the results obtained by the modern methods of printing from a master roll of real wood are remarkably realistic, says the American Forestry Magazine. Through this means it is possible to impart a good imitation of mahogany to plate, colorless woods and to metals.

A THOROUGH TEST

One to Convince the Most Skeptical
Hickman Reader

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Hickman residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

John Provow, barber, 810 Jackson Ave., Hickman, says: "From overworking and standing, my kidneys became affected and my back pained with sharp shooting pains across the back of it. The secretions were irregular in passage and I had to get up at night. The secretions were highly colored and scalded in passage. As I had known of Doan's Kidney Pills for years, I used them and was helped."

The above statement was given October 18, 1916, and on December 3, 1920, Mr. Provow said: "I have the same good opinion of Doan's Kidney Pills as when I endorsed them in 1916. I always take Doan's when my kidneys bother me and they relieve me promptly."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Provow had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THE PEOPLE WON'T STAND FOR IT FOREVER

Doubtless encouraged by the fact
that the Clayhole election thieves never
have been prosecuted, another crime
against the ballot has been committed
recently, in the counting out of that
sterling American who was 100 per
cent for the people, the Hon. Andrew
Gump, for Congress. The Interior
Journal followed with pride the race
this American candidate ran for that
exalted office, and with his legion of
other friends rejoiced in his triumph,
even though it was by the measly ma-
jority of 37 votes.

Latest news, however, is to the effect
that his opponent, who demanded a re-
count and who had the election machin-
ery, has been declared elected.

We recall very well the saying of a
Kentucky politician, back in the old
days when the Democrats themselves
were none too particular about how
elections were conducted: "You give us
the election officers and I don't care a
hoot (only he didn't say it hoot) how
the people vote—we'll win anyhow."

We fear that is how the people's candi-
date, Hon. Andrew Gump, was counted
out.

not a change they will take back into
their own hands the power they have
entrusted to those who will not use it
honestly and who are unworthy to use
it at all.

In the meantime, the Interior Journal
predicts that the sterling statesman,
that American who is 100 per cent for
the people, will yet come to the front
for men like Andrew Gump simply can-
not be kept down.—Stanford Interior
Journal.

Expression Traced to Gaelic.

The expression "son of a gun" is
quite common in South Wales. It is
thought by some that the word "gun"
is derived from the original Gaelic
"gunna" (modern Welsh "gwn"),
meaning a bowl; if so, the expression
"son of a gun" is a fragment of old
Celtic mythology, the bowl or caldron
in both Irish and Welsh mythology be-
ing the source of and origin of em-
bryotic life.
